I just left Tara a message that the DB is good.
A visual quirk was missing me up and I couldn't figure out why what Tara said was not in the spreadsheet i was looking at. I figured out my mistake late yesterday, and asked my final question of Dennis a few minutes ago, then contacted Tara.

Ed is still working on the ER. I followed up with him yesterday because I'd heard nothing in 10 days. I think he's swamped. He said he hoped to have a draft this week, but also indicated that he might need to talk to me about some things first, so I wouldn't yet commit to when we'll submit. Perhaps as soon as next week, but am not yet sure.

We resubmitted the database quite awhile ago. I only got one question from Garen. I answered it and heard nothing back, so I believe we're good there.

Hello.

I don't see a MDP/ER submitted yet. Did you send one? I want to verify the status.

Thank you.
